Considering the relations existing between Russia and the Jews, and between France and Germany, it is interesting to observe that a French exhibition given in Moscow is owned by a German Jew. For that reason, it is said, the Russian Government is not giving it much encouragement.

Justice Field has introduced the black silk gown in the new court in San Francisco. He and Sawyer appeared in it the other day, and the lawyers are making a great deal of fun of the ridiculous proceeding. Field would get his head measured for a powdered court wig, but for the fact that his head grows so fast that the wig-makers couldn't keep up with it.

A man named Simon has been arrested at the request of the Austrian Government at Leschnitz, Silesia, where he owned a handsome villa and lived in great style, his neighbors supposing him to be a wealthy speculator on the European bourses. Evidence was secured which shows that he was the head of a secret robbery society, having agents in London, Berlin, Altona and Vienna.

Attempted Burglary.

An attempt was made last night to burglarize the dormitory building at the University. Mrs. Howard heard men at work at one of the windows and called to her husband, who took a shot at the fellows as they were retreating hastily towards town. The burglars left a large pocket knife as a souvenir for Mr. Howard, and that may lead to their detection.—Gazette.

JUST HEAR HIM.

A Man Who Finds that Advertising Pays.

The following letter is printed for the benefit of people generally who do not believe in advertising: OFFICE RENO MANUFACTURING CO. RENO, June 16, 1891.

S. P. Davis, DEAR SIR:—I have about reached the conclusion that nothing I ever struck pays like good, liberal advertising.

The two pages of advertising which I engaged in your special extra edition has given me very large returns. I am doing three times the business I ever did before, and letters and orders from all parts of the country are reaching me every day.

Had I paid ten times as much as I did for the space in your paper, I would still be a long ways ahead. Next time you get up an extra edition just put me down for two more pages.

Yours truly,
J. L. STEVENSON.

A Strike in the Oest.

A very important strike of rich ore has been made in the Oest mine, at Silver City in the last few days. A winze has been sunk about 16 feet below the floor of the tunnel level, south of the main incline winze. The bottom is all in ore, and a drill bar sent in five feet towards the footwall failed to reveal its presence, giving a width of ten feet of rich ore.

Silver City is all excitement over the strike, and further developments are awaited with anxious interest. Several rich pockets of ore have been found in the Oest mine.

The collapse in the United States Treasury which was billed by our democratic friends to take place about this time has not materialized, and what is more it will not. No nation on earth today is as solid financially as the United States, and it is the republicans who have made it so, and which will keep it so long as it remains in power.

Card.

I desire to call the attention of the public of Carson and vicinity to the fact that I have recently sold out my entire stock of drugs and the good will of the business to Mr. A. E. Harris, who will henceforth conduct said business, known as the "City Drug Store," opposite the Postoffice. I desire to thank the general public for their generous patronage in the past; and I bespeak for Mr. Harris a continuation of the same, believing that it will be to your mutual advantage.

I am, respectfully,
W. H. CHEDIC.

A HORRIBLE STORY.

Chinese Selling Human Flesh to Indians.

A gentleman who came in yesterday from Bridgeport, the scene of the recent Chinese-Indian tragedy says that the portions of the body of the Indian, chopped up by the Chinese murderers, were missing for several days, when it transpired that the flesh was being sold for goats' meat over the block of a Chinese butcher shop.

It was retailed at 6 cents per pound, and was purchased and eaten by the Indians. They were puzzled to know what kind of meat it was, and were told it was goat's meat. They insisted that it was not, and finally it was discovered to be the flesh of the murdered Indian.

There is great excitement there, and when the APPEAL's informant left, the Indians were gathering to clean out the Chinese camp.

Selling Whiskey to Indians.

Whilst Elko, Eureka, Humboldt, Washoe, Ormsby, Storey and Lander have sent a large number of persons to the State Prison for selling whiskey to Indians, and many of these counties are continuing the work from session to session of the courts, yet there are those, who still persist in engaging in the contemptible business. There is no telling what some men will do for a little money.

Long-headed Democrats, such as ex-Congressman Converse, of Ohio, admit the impossibility of defeating Major McKinley for Governor of that State, and advise their party managers to devote their entire attention to an attempt to capture the Legislature.
